mental health and prevent them from accessing the help they need. The United Nations Office on Drugs and Crime (UNODC) recognizes the importance of taking a people-centered approach to drug policies, with a focus on human rights, compassion, and evidence-based practices. The International Day against Drug Abuse and Illicit Trafficking, or World Drug Day, is marked on 26 June every year to strengthen action and cooperation in achieving a world free of drug abuse. The theme of awareness is "People first: stop stigma and discrimination, strengthen prevention". The aim of this year's campaign is to raise awareness about the importance of treating people who use drugs with respect and empathy; providing evidence-based, voluntary services for all; offering alternatives to punishment; prioritizing prevention; and leading with compassion. The campaign also aims to combat stigma and discrimination against people who use drugs by promoting language and attitudes that are respectful and non-judgmental. This program was inaugurated by our N4 Fishing harbour police station (Kasimedu) they invited our MGC college NSS students to make their cultural performance in their anti-drug awareness program to create awareness to the students. NSS students were supported by our SECRETARY-Rev. Fr. Mathew Pallikunnel and our principal Dr.R.Srikanth and our voice principals Dr.G.Gayathry (shift 1) & Dr.S.Shalini Maher (shift 2). Strength and guidance by our NSS Assistant program officer T.Saranya. The anti-drug awareness program was taken in N4 fishing harbour Kasimedu. TIME: 02.00 PM – 4.00 PM

Red Ribbon Club and Youth Red Cross in association with IQAC organized a seminar on Health and Lifestyle followed by ortho checkup camp for students and staff of MGC on 26<sup>th</sup> March 2024. The camp was scheduled between 2.00pm and 4.00pm in Mar Ivaious Hall. The event commenced with the prayer by Sr. Celein Maria, Vice Principal of Shift – I Dr.G.Gayathry and Shift – II Dr.S.Shalani Maher welcomed Dr.Raja and team from Royal MultiCare. Also present were RRC Convenor Dr.Aswini, Co-Convenor Ms.Sujdha, YRC Convenor Dr.B.Hariswaran and Co-Convenor Ms.Sarah Jaba Jency.

Healthy citizens are the greatest asset any country can have. Having that in mind MGC's YRC and RRC organized ortho checkup for the staff and students. The seminar started very interactively. The Doctor gave many advices and tips for healthy lifestyle. He emphasized on the importance of getting up early and doing regular exercise. He also quoted the necessity of taking healthy homemade diet and warned them about the consequences of outside food. Conducting such camp help students to think and care about their health. After the seminar ortho checkup session took place. This helped students to address their issues and get medical advice. Identifying issues at an early stage has more chance of overcoming it with proper medical attention. Such activity encourages students to be at good health and maintain healthy diet.

### HELMET AWARENESS SIRAM ACTIVITY

MAR GREGORIOS COLLEGE OF ARTS & SCIENCE  
PG DEPARTMENT OF SOCIAL WORK

#### SIRAM- Activity

**Date:** 8<sup>th</sup> August 2024

**Schedule:** 08.00 Am- 08.30 Am

**Venue:** College parking

#### Aim-

- Recognition and Appreciation:** The primary objective of SIRAM was to recognize and appreciate individuals who consistently prioritize their safety by wearing helmets while riding two-wheelers. By highlighting their responsible behavior, the activity aimed to create a sense of pride among these individuals and reinforce the importance of setting positive examples for others.
- Behavioral Change and Motivation:** SIRAM sought to motivate individuals who do not currently use helmets while riding. By showcasing the recognition and appreciation given to helmet users, the activity aimed to stimulate a shift in mindset and behavior among non-users. The intention was to inspire them to reconsider their choices and adopt the safer practice of wearing helmets.
- Cultivating a Road Safety Culture:** Another objective of SIRAM was to promote a broader culture of road safety. By excluding individuals who carried passengers without helmets or exceeded the allowed number of pillion riders, the activity aimed to underscore the importance of comprehensive safety measures. The ultimate goal was to create an environment where responsible behavior and adherence to safety norms become the norm, thus contributing to a safer road ecosystem for all.

SIRAM was an initiation by Student Social responsibility (SSR) under Department of Social Work. It was thoughtfully orchestrated to extend gratitude and recognition to those individuals who consistently make the wise choice of wearing helmets while operating two-wheelers. In our tireless efforts to spread awareness about the importance of helmet usage, it can be easy to overlook those who are already diligently prioritizing their safety on the road. SIRAM, however, sought to rectify this oversight by shining a spotlight on these commendable individuals.

It is imperative to underscore that this event had a twofold objective. Firstly, it aimed to applaud and celebrate those who actively adhere to the practice of donning helmets while riding, as their actions set a remarkable example for others. Secondly, and equally significant, it aimed to ignite a spark of motivation among individuals who have been hesitant to embrace helmet usage. By showcasing the positive recognition garnered by helmet-wearing individuals, SIRAM endeavored to foster a shift in perspective, encouraging non-users to rethink their choices in favor of their own safety.

It's noteworthy that the selection process for this event was meticulously designed. Individuals who were accompanied by pillion passengers without helmets were excluded from consideration, as were those who dared to carry more than one pillion rider. This stringent criterion was established

to uphold the event's ethos of promoting comprehensive road safety, where responsible behavior is not only practiced by the individual rider but also extended to any passengers they may carry.

In total, SIRAM succeeded in appreciating and honoring 55 individuals who have consistently exhibited their commitment to helmet usage. The event aimed to serve as a catalyst for change, not only by recognizing those who already prioritize safety but by fostering an environment in which the acknowledgment of responsible choices serves as a powerful motivator for those who have thus far disregarded helmet safety.

Ultimately, the overarching objective of SIRAM was to create a cultural shift in road safety consciousness. By elevating the status of helmet usage through recognition, the initiative aspired to set in motion a chain reaction of positive influence, wherein the actions of a few serve to inspire many toward adopting safe riding practices.

### OUTCOME

- 1. Increased Helmet Usage:** Following the SIRAM initiative, there is a notable increase in the number of individuals who choose to wear helmets while riding two-wheelers. The recognition and appreciation extended to helmet users serve as a motivational factor for both current users and non-users, leading to a higher percentage of riders adopting this crucial safety practice.
- 2. Positive Peer Influence:** The activity generates a positive peer influence within the community. Individuals recognized for their helmet usage become role models, inspiring others to emulate their responsible behavior. This ripple effect creates a cultural shift where safe riding practices are not only respected but also actively encouraged by peers, friends, and family members.
- 3. Reduced Accidents and Injuries:** As a result of increased helmet usage and a shift in road safety culture, the number of accidents and injuries related to two-wheeler riding decreases. By motivating individuals to embrace helmets and adhere to comprehensive safety measures, the SIRAM activity contributes to a safer road environment, protecting both riders and passengers from potentially life-threatening accidents.

## PG DEPARTMENT OF SOCIAL WORK

### VISIT RURAL CAMP

#### REPORT & PHOTOS

Students from the PG Department of Social Work organized a rural camp under the theme '*Siragugal*' in Vasinampettu, Kadambathur block, Tiruvallur District, in November 2023. The students conducted in-depth interviews with beneficiaries of the Tamil Nadu Rural Employment Guarantee Scheme to gather information about the challenges they faced. These interactions provided valuable insights into the day-to-day struggles of rural communities and helped identify areas where further support and awareness were needed.

The inaugural event of the camp took place on November 3rd and was graced by the presence of Mrs. Megala Chinna, the Panchayat President; Vice President Mr. Subash; and Ward Member Mrs. Kalaivani. They expressed their support for the camp and its objectives, highlighting the importance of such initiatives in bridging the gap between rural communities and social development.

Cultural programs were featured, including puppetry, street theater, Oyil attam, and silambam, aimed at raising awareness about critical social issues such as early marriage, the significance of education, the impact of alcoholism, and awareness of government schemes. These performances captured the attention of local residents and made the message more accessible and engaging.

Additionally, students distributed educational pamphlets on various government welfare schemes and health practices. They also conducted workshops on hygiene and sustainable practices to encourage better living standards in the community. The first day concluded with a sense of accomplishment, as the students and local residents bonded over shared discussions and activities, reinforcing the importance of collective efforts for social change.

OUTREACH PROGRAM

VENUE: Daya Sudan Children Town

DATE: 23/09/2023

TIME: 02.00 PM – 5.00 PM

Mother Teresa said "Go out into the world today and love the people you meet. Let your presence light new light in the hearts of the people", MGC students witness the saying. The Department of Computer Science, Shift-1 in association with IQAC organized outreach program at Daya Sudan Children Town, Nerkundram on 23<sup>rd</sup> September 2023. Around thirty students from 3<sup>rd</sup> year accompanied by Mr.James Benedict Felix, Ms.W.Sharmila, Ms.N.Vaishali visited the place. The duration of stay was between 2.00pm to 5.00pm. The outreach program was designed to help and encourage people especially those in need living in the community. It also created connect between students and society.

Daya Sudan Children Town is an independent Orphanage home. At present 40 to 45 orphan children between 3 to 10 years of age are living in Daya Sudan Children Town. The children and the caretakers were very pleasantly excited on seeing MGC student and faculty and received them very happily.

Students were encouraged to contribute generously from their savings and earnings. They enthusiastically offered many basic necessities such as food, grocery and stationeries for the children of Daya Sudan Children Town. The Head of the Department Mr. James Benedict Felix handed over the items which were contributed by the students and staff of Computer Science Department to the caretakers. Through outreach program students understood the daily demand faced by the children.

Students of MGC also staged some cultural events like singing and dancing. There were also games planned for the children .The children looked exited and joyful. The team spent about three hours with the children before saying goodbye to them. It was indeed very satisfying experience for students, as they could bring smiles on children faces. They realized their contribution and understand his /her social responsibilities towards society.

### REPORT & PHOTOS

The Department of Accounting and Finance conducted an outreach program on August 12, 2023, at Pala Mangalam, Nagalapuram, Andhra Pradesh. The primary objective of the initiative was to extend educational support to tribal students in the region. As part of the program, the team distributed notebooks and other essential stationery items to help the students with their academic needs.

The outreach program also featured interactive activities, including motivational talks, storytelling sessions, and educational games designed to inspire students and foster their interest in learning. Faculty members and volunteers engaged with the local community to understand their educational challenges and discussed possible ways to address them.

In addition to distributing materials, the program focused on raising awareness about the importance of education in shaping futures and breaking cycles of poverty. The department expressed its commitment to supporting such underserved communities through similar initiatives in the future.

This outreach effort not only highlighted the department's dedication to community service but also served as a platform to bridge the gap between educational institutions and marginalized communities.
