Details of Miscellaneous Facilities

S.No.	Particulars	Description
1.	Solar Panel	As promoted by the Ministry of New and Renewable Energy (MNRE) to develop and deploy new and renewable energy to supplement the energy for cost savings and non-polluting environment, the college has installed 29 Solar panels on the rooftop of the college building with a capacity of 9,000 watts and produces 15KVA energy.
2.	RO Plant	RO plant is driven by the need for clean, safe, and reliable water supplies to support human health, economic development, and environmental sustainability in diverse settings around the world.
3.	Wheelchair	Wheelchairs are essential to ensure accessibility and inclusivity for students with mobility impairments. College demonstrates their commitment to diversity, equity, and social responsibility, creating an environment where all students can thrive academically and personally by providing wheelchair to Divyanggan students.
4.	Lift	2 Lifts were available for the staff and Divyanggan students which is accessible to all the academic and administrative blocks.
5.	Rainwater Harvesting	Rainwater harvesting offers a sustainable solution to water scarcity and provides numerous benefits for communities, ecosystems, and economies. MGC has adopted this system to promote water conservation.
6.	CCTV	171 Cameras have been provided all through the campus including classrooms, parking area for security, safety, surveillance, and administrative functions.
7.	Generator	125WS3/125KVA generator is available to supply power during power outage and to prevent discontinuity of daily activities.
