## PG DEPARTMENT OF SOCIAL WORK

### VISIT RURAL CAMP

#### REPORT & PHOTOS

Students from the PG Department of Social Work organized a rural camp under the theme '*Siragugal*' in Vasinampettu, Kadambathur block, Tiruvallur District, in November 2023. The students conducted in-depth interviews with beneficiaries of the Tamil Nadu Rural Employment Guarantee Scheme to gather information about the challenges they faced. These interactions provided valuable insights into the day-to-day struggles of rural communities and helped identify areas where further support and awareness were needed.

The inaugural event of the camp took place on November 3rd and was graced by the presence of Mrs. Megala Chinna, the Panchayat President; Vice President Mr. Subash; and Ward Member Mrs. Kalaivani. They expressed their support for the camp and its objectives, highlighting the importance of such initiatives in bridging the gap between rural communities and social development.

Cultural programs were featured, including puppetry, street theater, Oyil attam, and silambam, aimed at raising awareness about critical social issues such as early marriage, the significance of education, the impact of alcoholism, and awareness of government schemes. These performances captured the attention of local residents and made the message more accessible and engaging.

Additionally, students distributed educational pamphlets on various government welfare schemes and health practices. They also conducted workshops on hygiene and sustainable practices to encourage better living standards in the community. The first day concluded with a sense of accomplishment, as the students and local residents bonded over shared discussions and activities, reinforcing the importance of collective efforts for social change.

### REPORT & PHOTOS

The Department of Accounting and Finance conducted an outreach program on August 12, 2023, at Pala Mangalam, Nagalapuram, Andhra Pradesh. The primary objective of the initiative was to extend educational support to tribal students in the region. As part of the program, the team distributed notebooks and other essential stationery items to help the students with their academic needs.

The outreach program also featured interactive activities, including motivational talks, storytelling sessions, and educational games designed to inspire students and foster their interest in learning. Faculty members and volunteers engaged with the local community to understand their educational challenges and discussed possible ways to address them.

In addition to distributing materials, the program focused on raising awareness about the importance of education in shaping futures and breaking cycles of poverty. The department expressed its commitment to supporting such underserved communities through similar initiatives in the future.

This outreach effort not only highlighted the department's dedication to community service but also served as a platform to bridge the gap between educational institutions and marginalized communities.
