

ANALYSIS REPORT OF ALUMNI FEEDBACK

Academic year 2023-2024

The questionnaire aimed to gather feedback from alumni on aspects such as curriculum, subject knowledge, and employability skills. This input plays a crucial role in fostering the growth and development of their alma mater. A significant number of alumni responses to the question, “The curriculum in the program is adequate and effective for future enhancement,” indicate a need for an innovative and challenging curriculum that aligns with the demands of a dynamic world. These responses highlight the confidence in faculty members to effectively guide students through their expertise, teaching methods, and communication styles.

The feedback also reflected positively on course objectives and outcomes, emphasizing that the updated curriculum has contributed to enhancing knowledge and skills. Alumni feedback was collected on both the curriculum and the overall environment. To facilitate this, a link was created by the college and shared with the alumni.
